

Live the Retirement Dream

Throughout our working years we dream of retirement – but once we retire, many of us find we miss being a part of a community, being a part of something fresh and exciting.

Established in 2005, Greengate represents a new era in independent retirement living. Creating vibrant retirement and aged care communities in inner urban locations, Greengate villages are perfect for retirees who want a more relaxed lifestyle, doing the things they love, whilst confident that they have planned for the future.

Close to transport, shopping and medical facilities, Greengate villages are designed to help residents stay in the communities they already know and love. With family and friends nearby, residents can relax,

socialise and enjoy life as they please.

What really sets Greengate apart is how the Greengate team focuses on putting residents first. From finding the best locations to designing and building fantastic apartments, their team ensures residents can age in place without compromising on the quality of finishes and design they are looking for. Once a resident moves in, the village team is on-hand to offer a warm welcome and to help organise services such as meals, cleaning and care if needed or wanted.

With three locations in Sydney and Brisbane, and more villages in planning, there's never been a better time to find out if a Greengate village could help you live the retired life you've been dreaming of.

"Downsizing and moving into a Greengate village has been a life changing experience. St Brigid's Green feels like home, with a touch of luxury"

Greengate Villages

St Brigid's Green, Maroubra

Greengate's St Brigid's Green in Maroubra was completed in 2014, and was the recipient of the Property Council of Australia's 'Best Retirement Living Development' award in 2016.

Every Greengate village is well-located and beautifully designed, taking seniors' living in Sydney and Brisbane to new levels. Greengate are reserving their final apartments now, so call them today to book a tour and find out more about life in a Greengate village.

St Patrick's Green, Kogarah

St Patrick's Green in Kogarah is expected to be completed in late 2017. Views reach from the Sydney CBD skyline, across Botany Bay and to the Georges River. Apartments are now being reserved, with display apartments available for inspection.

St Luke's Green, Woolloongabba

St Luke's Green in Brisbane's inner suburbs was completed in April 2017. Featuring both independent living apartments and a co-located boutique aged care home, St Luke's Green has appealed to many local seniors and their families.
